ICOX Innovations Inc.
Notes to Unaudited Condensed Consolidated Financial Statements
As of March 31, 2018 and for the three months ended March 31, 2018 and 2017

1. NATURE AND CONTINUANCE OF OPERATIONS

ICOX Innovations Inc. (formerly AppCoin Innovations Inc., formerly RedStone Literary Agents, Inc.) (the “Company”) was incorporated under the laws of State of Nevada on July 20, 2010, with an authorized capital of 75,000,000 common shares, having a par value of \$0.001 per share. During the period ended December 31, 2010, the Company commenced operations by issuing shares and developing its publishing service business, focused on representing authors to publishers.

On February 14, 2018, the Company changed its name from “AppCoin Innovations Inc.” to “ICOX Innovations Inc.”

The Company’s new business model provides a turnkey set of services for companies to develop and integrate blockchain and cryptocurrency technologies into their business operations. The Company will enable its customers to focus on their core competencies while providing the necessary resources and expertise to execute a strategy that will enable companies to integrate new blockchain plus cryptocurrency technologies into their business operations. The Company will be compensated on a fee-for-services model. The Company may also accept tokens or coins in payment for its services, to the extent permitted under applicable law.

The Company’s services will include strategic planning, project planning, structure development and administration, business plan modeling, technology development support, whitepaper preparation, due diligence reporting, governance planning and management.

Going Concern

These consolidated financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception resulting in an accumulated deficit of \$1,715,526 as of March 31, 2018 and further losses are anticipated in the pursuit of the Company’s new service business opportunity, raising substantial doubt about the Company’s ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or obtaining the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management intends to finance operating costs over the next twelve months with existing cash on hand, loans from directors and/or the private placement of common stock.

In order to address the above factors, subsequent to year end, the Company completed private placements of an aggregate of 9,113,659 subscription receipts at a price of \$0.60 per subscription receipt for aggregate gross proceeds of \$5,468,195.

The financial statements do not include any adjustments relating to the recoverability and classification of assets or the amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The interim condensed consolidated financial statements of the Company have been prepared in accordance with generally accepted accounting principles (“GAAP”) in the United States of America.

Basis of Consolidation

The interim condensed consolidated financial statements include the accounts of the Company and its subsidiary. All intercompany transactions and balances have been eliminated.

Unaudited Interim Financial Information

The accompanying unaudited interim condensed consolidated financial statements and related notes have been prepared in accordance with U.S. GAAP for interim financial information, and with the rules and regulations of the United States Securities and Exchange Commission (the “SEC”) to Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. The unaudited interim condensed consolidated financial statements furnished reflect all adjustments (consisting of normal recurring accruals) which are, in the opinion of management, necessary to a fair statement of the results for the interim periods presented. Unaudited interim results are not necessarily indicative of the results for the full fiscal year. These unaudited interim condensed consolidated financial statements should be read in conjunction with the financial statements of the Company for the year ended December 31, 2017 and notes thereto contained in the information as part of the Company’s Annual Report on Form 10-K, which was filed with the SEC on April 2, 2018.

Use of Estimates

The preparation of interim condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates and these differences could be material.

Deferred Offering Costs

Costs that the Company incurred in relation to the private placement that has not yet closed has been recorded as deferred offering costs on the Condensed Balance Sheet. Once the private placement is closed then these deferred offering costs will be charged to equity as share issue costs. If the private placement does not close, then these costs will be written off during that period.

Mezzanine Equity

Subscription receipts that have been received by the Company in relation to the private placement that has not yet closed has been recorded as Mezzanine Equity on the Condensed Balance Sheet. These funds are being recorded separately from shareholders’ equity.

Reclassification

Certain reclassifications have been made to the 2017 financial statements in order for them to conform to the 2018 presentation. Such reclassifications have no impact on the Company’s financial position or results or operations.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Recently Adopted Accounting Pronouncements

Statement of Cash Flows (ASU 2016-15)

This update provides specific guidance to clarify how entities should classify certain cash receipts and cash payments on the statement of cash flows. The update also clarifies the application of the predominance principle when cash receipts and cash payments have aspects of more than one class of cash flows. The Company adopted this standard effective January 1, 2018. The adoption of this update had no material effect on our financial statements.

Financial Instruments – Recognition and Measurement (ASU 2016-01)

This update retains the current accounting for classifying and measuring investments in debt securities and loans, but requires equity investments to be measured at fair value with subsequent changes recognized in net income, except for those accounted for under the equity method or requiring consolidation. The Company adopted this standard effective January 1, 2018. The adoption of this update had no material effect on our financial statements.

On December 29, 2017, the Company signed a master service agreement with WENN Digital Inc. (“WENN”), a company in which there is a common director. The business services agreement with WENN provides that the fees for the services provided in connection with the development and launch of the Platform (the business development and technical services and business launch services) were deemed earned on the date of execution of the business services agreement. The Company has waived WENN’s requirement to pay the \$250,000 fixed fee in connection with the business development and technical services as a concession. The Company has recognized the business development and technical service fee of \$500,000 during the year end December 31, 2017, paid in January by WENN upon the completion of its first round of pre-ICO fundraising.

The fees for the post-business launch support services (the “**Monthly Services**”) are \$35,000 per month and they will be due at the beginning of each month in which the Monthly Services are performed. With respect to the Monthly Services, the Company has agreed to provide the Monthly Services for one year commencing on the date of the Platform Launch (as defined below), after which the business services agreement and the provision of the Monthly Services will automatically renew for a one year period and can be terminated by either our company or WENN with 30 days’ written notice. “Platform Launch” means the publicized product launch of the Platform to the general public, including the ability of the general public to use Tokens as the primary means of exchange for transactions on the Platform.

In addition, the business services agreement with WENN provides that the work fee in the amount of \$4,175,000 is deemed earned on March 15, 2018 and the work fee is subject to a Renegotiation Obligation (as defined below). The business services agreement with WENN also provides that the additional fee of rights to receive an aggregate of 20,000,000 Platform tokens or coins (the “**Tokens**”) pursuant to a Simple Agreement for Future Tokens is also deemed earned on the date of execution of the business services agreement and the additional fee is subject to a Renegotiation Obligation. However, for financial reporting purposes, the work fee and additional fee are deemed earned on the date of the launch of the Platform. If WENN does not raise more than \$40 million in connection with its offer and sale for cash of (i) one or more Simple Agreements for Future Tokens (“**SAFTs**”), which SAFTs will entitle the holders thereof to receive Tokens under certain circumstances, and/or, (ii) Tokens, in the event that WENN determines to offer and sell Tokens in lieu of or in addition to SAFTs in connection with its fundraising efforts (collectively, the “**WENN Offering**”), prior to May 31, 2018, the Company will be required to return the work fees and additional fee to WENN and WENN and our company will be required to negotiate in good faith the amount of each of such fee (such requirement to negotiate is referred to herein as the “**Renegotiation Obligation**”).

5. RELATED PARTY TRANSACTIONS (CONT'D)

The Company has agreed that WENN will not be responsible for any out-of-pocket expenses incurred by our company in connection with our performance of the services. In addition, the Company has agreed to pay, and otherwise be financially responsible for (including through the reimbursement of disbursements made by WENN and its affiliates), (i) all legal costs and expenses incurred by WENN, our company and any of their affiliates in connection with the WENN Offering; (ii) all business and travel expenses incurred by WENN, our company and any of their affiliates in connection the WENN Offering; and (iii) all fees and expenses incurred by WENN in connection with its conversion of cryptocurrencies into US dollars in connection with the WENN Offering, including bank, exchange and other similar fees and expenses. WENN will have the right to deduct any such amounts from the fees otherwise payable by it to our company and apply such deducted amounts to the payments to our company.

The business services agreement will continue for a period of one year unless earlier terminated by either our company or WENN.

Either the Company or WENN may terminate the business services agreement upon the provision of 30 days' written notice to the other party. If the Company provides such notice, WENN may immediately terminate the business services agreement and the Company will be entitled to no further compensation except for any fees earned prior to the date of the termination. If WENN provides such notice, the Company may immediately terminate the business services agreement and will be entitled to no further compensation, except for the following lump sum payments: (i) any fees earned to the effective date of termination; and (ii) a lump sum payment of \$105,000.

For the purpose of determining our fees earned to the date of the termination in the event that either party terminates the business services agreement, all fees for services in connection with the development and launch of the Platform (the business development and technical services and business launch services) and the additional fee of rights to receive an aggregate of 20,000,000 Tokens are deemed earned on the date of execution of the business services agreement and the work fee is deemed earned as of March 15, 2018. However, the work fees and additional fee are subject to the Renegotiation Obligation. As such, our work fee and additional fee are not determinable or deemed collectible for the financial reporting purposes until the WENN Offering is completed or, if applicable, those fees are renegotiated pursuant to the Renegotiation Obligation.

If the escrow release condition is not satisfied by 5:00 p.m. (Vancouver time) on May 31, 2018 or if we deliver a written default notice to the escrow agent that the escrow release condition will not be satisfied by that time, the subscription receipts will expire and be of no further force and effect, effective as of the earlier of (i) 5:00 p.m. (Vancouver time) on May 31, 2018 and (ii) the date of the receipt of the default notice, and the subscribers will be entitled to receive from the escrow agent a refund of the subscription amounts held in escrow, without interest and less applicable expenses. Overview

We were incorporated under the laws of the State of Nevada on July 20, 2010. Following incorporation, we commenced the business of representing authors to publishers. Upon the resignation of Mary Wolf as an officer of our company on August 28, 2014, we ceased pursuing the business of representing authors to publishers and sought new business opportunities.

In July 2017, we decided to operate a new business of providing services for blockchain and cryptocurrency technologies.

Our new business is a services and development business that provides a turnkey set of services for companies to develop and integrate blockchain and cryptocurrency technologies into their business operations. We anticipate that we will enable companies to focus on their core competencies while providing the necessary resources and expertise to execute a strategy that will enable companies to integrate new blockchain plus cryptocurrency technologies into their business operations. Our plan is to be compensated on a fee-for-services model. We may also accept tokens, coins or equity in payment for our services, to the extent permitted under applicable law.

On December 29, 2017, we entered into a business services agreement with WENN and, on March 19, 2018, we entered into the amendment no. 1 to business services agreement dated as of March 15, 2018 with WENN. Pursuant to the business services agreement, we agreed to provide WENN with the services in connection with WENN's development of the Platform using blockchain technology, including (i) the business development and technical services, (ii) the business launch services and (iii) the post-business launch support services.

WENN has entered into a licensing partnership agreement with Eastman Kodak Company, which announced the launch of the KODAKOne blockchain platform and KODAKCoin ICO. We are providing the services relating to the KODAKOne blockchain platform and the KODAKCoin ICO pursuant to a business services agreement dated December 29, 2017, as amended as of March 15, 2018 with WENN.

We incurred general and administrative expenses of \$514,117 and \$29,241 for the three months ended March 31, 2018 and 2017, respectively, representing an increase of \$484,876 between the two periods. These expenses consisted primarily of consulting fees, professional fees, bank charges, and other general and administrative costs. The increase in consulting fees between the two periods from \$20,800 in 2017 to \$297,188 in 2018 was due to the entering into of a consulting agreement with Business Instincts Group to provide strategic and project management services as well as consulting agreements with our senior and executive staff. Business Instincts Group is a related party as Cameron Chell is a common director of the companies. Professional fees increased from \$7,201 in 2017 to \$108,198 in 2018 and the increase was primarily due to an increase in legal services related to the evaluation of potential business opportunities and regulatory compliance. The increase in bank charges from \$nil in 2017 to \$451 in 2018 was due to the increased bank activity. The increase in other general and administrative costs increased from \$1,240 in 2017 to \$213,282 in 2018 due to increased travel costs, advertising and marketing costs, compliance fees, and stock-based compensation. Service costs increased from \$nil in 2017 to \$387,080 in 2018 is a result of services rendered for our client in our new business or operations.

Consulting fees of \$297,188 in the first quarter of 2018 relate in part to \$105,000 paid to Business Instincts Group Inc., \$36,995 to our directors, \$34,000 paid to our president, Bruce Elliott, for management services, \$30,000 paid to our chief financial officer, Michael Blum, for management services, \$26,846 paid for development services, \$24,000 paid for accounting services, \$15,000 paid for financial services, \$12,500 paid for recruiting services, \$9,122 paid to our Advisory Board members, and \$3,228 in stock-based compensation.

Other expenses include interest expense on convertible notes payable of \$16,519 for the three months ended March 31, 2018 compared to \$7,315 for the same period last year

To help fund our operating activities until our private placement closes, we received a \$100,000 loan from Michael Blum, the chief financial officer of our company, and a \$100,000 loan from Greg Burnett, a member of our advisory board.

Recent Financing Activities

On March 12 and 19, 2018, we completed private placements of an aggregate of 9,113,659 subscription receipts at a price of \$0.60 per subscription receipt for aggregate gross proceeds of \$5,468,195.40. In the event of the occurrence of the escrow release condition (as defined below), each subscription receipt will automatically convert into one share of our common stock, for no additional consideration. The subscription amounts will be held by an escrow agent until the escrow release condition. The escrow release condition is the receipt by our company of conditional approval for the listing of the shares of our common stock on a Canadian stock exchange. In the event that the escrow release condition is satisfied prior to 5:00 p.m. (Vancouver time) on May 31, 2018, we will deliver a notice to the escrow agent confirming the escrow release condition has been satisfied. Upon receipt of the notice, the escrow agent will, as soon as practicable thereafter, release the subscription amounts to our company and each subscription receipt will automatically convert into one share of our common stock without payment of any additional consideration. If the escrow release condition is not satisfied by 5:00 p.m. (Vancouver time) on May 31, 2018 or if we deliver a written default notice to the escrow agent that the escrow release condition will not be satisfied by that time, the subscription receipts will expire and be of no further force and effect, effective as of the earlier of (i) 5:00 p.m. (Vancouver time) on May 31, 2018 and (ii) the date of the receipt of the default notice, and the subscribers will be entitled to receive from the escrow agent a refund of the subscription amounts held in escrow, without interest and less applicable expenses. In connection with the closing of the private placements, we paid cash finder's fees in the aggregate amount of \$29,399.97 and we agreed to issue 160,865 shares of our common stock at a deemed price of \$0.60 per share as the finder's fee, which will be issued only if the subscription receipts are converted into shares of our common stock.

On April 13, 2018, we entered into a loan agreement with Oceanside Strategies Inc., whereby Oceanside Strategies Inc. advanced \$200,000 to us. The principal amount of \$200,000 is repayable on demand (but no longer than a term of six month) and bears simple interest at a rate of 12% per annum, which is payable upon repayment of the principal amount of \$200,000. We are entitled to prepay the whole or any portion of the principal amount of \$200,000, plus accrued interest on the portion of the principal amount of \$200,000 being prepaid, at any time. The loan agreement provides that we must, within five days of the release of funds to us from our private placement of subscription receipts that closed in March 2018, repay the principal amount of \$200,000 plus accrued interest in full. The loan agreement also provides that if we obtain any indebtedness on terms that are superior to the terms set forth in the loan agreement, then the terms under the loan agreement will be deemed to be amended, as of April 13, 2018, to match such superior terms in a manner and on terms as nearly equivalent as practicable to such superior terms.

Cash Requirements

We expect that we will require \$4.327 million, including our current working capital, to fund our operating expenditures for the next twelve months. Projected working capital requirements for the next twelve months are as follows:

Estimated Working Capital Expenditures During the Next Twelve Months

Operating expenses	\$	2,015,000
General and administrative expenses		2,162,000
Estimated costs of the listing on a Canadian stock exchange and related expenses		150,000
Total	\$	4,327,000

Estimated operating expenses for the next 12 months are comprised of blockchain platform launch related expenses such as project management and consulting, legal fees, support agents and monitoring expenses, and blockchain and software expenses. We intend to spend between \$0.5 million and \$1 million on various expenses to assist companies to develop and integrate blockchain and cryptocurrency technologies into their business operations.

Estimated general and administrative expenses for the next 12 months comprised of: \$1,260,000 for consulting fees; \$250,000 for legal and professional fees; \$180,000 for marketing and advertising expenses; \$102,000 for trade shows; \$250,000 for travel expenses; and \$120,000 for miscellaneous and office expenses. Professional fees are expected to include fees related to complying with public reporting requirements, maintaining our quotation on the OTC Pink, conducting capital raises and expenses in connection with our new business.

Pursuant to a business services agreement dated December 29, 2017, as amended as of March 15, 2018, with our first client, WENN, WENN paid us \$500,000 in fees in connection with the services relating to the business launch.

We will require additional cash resources, including from the sale of subscription receipts completed in March 2018 to meet our planned capital expenditures and working capital requirements for the next 12 months. We expect to derive such cash through the sale of subscription receipts completed in March 2018 and, if additional cash resources are necessary, through the sale of other equity or debt securities or by obtaining a credit facility. The sale of additional equity securities will result in dilution to our stockholders. The incurrence of indebtedness will result in debt service obligations, could cause additional dilution to our stockholders, and could require us to agree to financial covenants that could restrict our operations or modify our plans to source a new business opportunity. Financing may not be available in amounts or on terms acceptable to us, if at all. Failure to raise additional funds could cause our company to fail.

Going Concern

Our consolidated financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. We have not yet established a source of revenues sufficient to cover our operating costs and to allow us to continue as a going concern. We have incurred losses since inception resulting in an accumulated deficit of \$1,715,526 as at March 31, 2018 (December 31, 2017: \$693,008). Our ability to operate as a going concern is dependent on obtaining adequate capital to fund operating losses until we become profitable.

In its report on our financial statements for the years ended December 31, 2017 and 2016, our independent registered public accounting firm included an explanatory paragraph regarding substantial doubt about our ability to continue as a going concern. Our consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements that have, or are reasonably likely to have, a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.
